NewPage is the leading producer of printing and specialty papers in North America with \$3.6 billion in net sales for the year ended December 31, 2010. NewPage is headquartered in Miamisburg, Ohio, and owns paper mills in Kentucky, Maine, Maryland, Michigan, Minnesota and Wisconsin. These mills have a total annual production capacity of approximately 3.5 million tons of paper.

The company's product portfolio is the broadest in North America and includes coated, specialty, supercalendered and uncoated papers. These papers are used in commercial printing to create corporate collateral, magazines, catalogs, books, coupons, inserts and direct mail as well as in specialty paper applications including beverage bottle labels, food and medical packaging, pressure-sensitive labels and release liners.
